

## Portable Toilet Rental Quick Information

### Can I rent a portable toilet for just one day?

Yes! Our Standard Portable Units are perfect for weekend parties or even a one-day event. Please order at least 2 days prior to your event whenever possible to ensure availability and delivery convenient to your schedule.

### Will the portable toilets be clean for my event?

Absolutely! VIP Flushable Portable Restrooms are reserved only for special events and parties, and are not used at construction sites.

### How far in advance do I need to order my toilet(s) and/or trailer(s)?

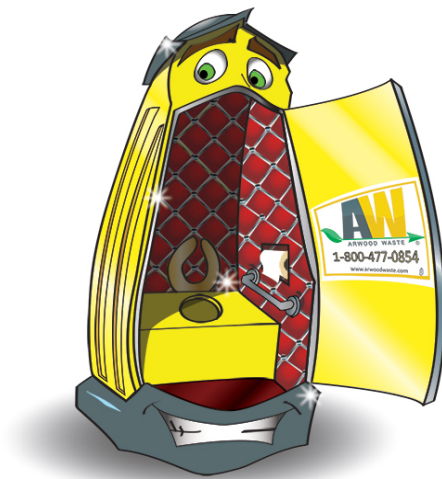

To ensure 123 Portable Toilet Rental can provide you with the services you need, we ask that you contact us at least 2 days in advance of your event. For large special events or job sites, a week or more lead-time is encouraged. However, if you require same day delivery, 123 Portable Toilet Rental can accommodate you.

### Where does the waste go after the restroom has been serviced?

The waste is transported to a local wastewater facility and disposed of according to the regulations and procedures required by the local governing laws.

### How do you keep the waste from freezing in colder climates?

Anti-freeze is typically mixed in with the deodorizing water that is placed in the tank. It works to keep the water liquid and unfrozen in colder climates. All products used are acceptable to local wastewater facilities.
