

# Portable Toilet Rental - Construction Site FAQ's

## *Am I required to have a portable restroom on my construction site?*

Most city ordinances specifically detail the requirements regarding portable sanitation on construction sites. Generally, inspectors require that a portable toilet is ordered and on site before approving the inspection. Additionally, OSHA requires a portable toilet on a construction site, as listed under the Safety and Health Regulations for a Construction Site (1923.51 (c) (1), 1926.51 (c) (3), (I), (ii), (iii), (iv)). For information regarding specific city or county ordinances contact your local Preferred Vendor.

## *How often will my portable restroom be serviced?*

The standard service is once a week so that the units are fully stocked with supplies, cleaned and sanitized. The standard fee includes once a week service. We can provide service more frequently if required.

## *What happens if my portable toilet gets tipped over?*

Contact 123 Portable Toilet Rental as soon as possible to report the incident. We will then dispatch a driver to come to the site to clean the unit or provide another unit. We will make the necessary adjustments depending on the situation.

## *Does a portable restroom on my construction job site really cut down on expenses and time?*

By providing a portable restroom on your jobsite, you can reduce employee downtime by providing a convenient alternative to your employees spending invaluable time searching for a restroom because no close restroom has been provided. The following chart was developed in a study conducted by the Portable Sanitation Association International (PSAI).

The annual cost of 10 minutes of wasted toilet time per employee, per day:

Hourly Rate	5 Employees	10 Employees
\$7.00	\$1,487.50	\$2,975.00
\$8.00	\$1,670.00	\$3,400.00
\$10.00	\$2,125.00	\$4,250.00
\$13.00	\$2,762.50	\$5,525.00
\$15.00	\$3,187.50	\$6,375.00

*(Formula: Hourly Rate divided by 60 Minutes Per Hour x 10 Minutes x Number of Employees x 255 Days Per Year. For more information regarding this study, please contact the Portable Sanitation Association International at 1-800-822-3020.)*
